

# W3

## Weighing Indicator

Premium quality weighing indicator with high speed and precision AD converter.

[www.weilo.com.tr](http://www.weilo.com.tr)

### ABOUT PRODUCT

The W3 weighing indicator is a premium quality weighing indicator with high speed and precision AD converter. With its wide range of applications, the W3 weighing indicator is suitable for use in many areas such as vehicle scales, platform scales, tank weighing and testing equipment. Having OIML R76 and European type approval certificates, W3 enables more precise weighing with its two-stage weighing feature. The LED illuminated, wide angle 40mm high LCD display with flexible mounting design can be desktop and wall mounted. It has features such as Kg-Lt-Lb conversion and piece counting etc.

### APPLICATION AREAS

Agriculture and Livestock

Textile

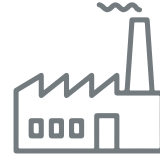

Chemistry - Petrochemistry

Stone, Sand And Mines

Concrete Batching Plants And Construction

Machinery And Industry

Iron Steel Metal

### TECHNICAL SPECIFICATIONS

Accuracy Class	C3	Isolation Resistance	≤ 5000 MΩ (100VDC)
Load Cell Output Range	1.5 ~ 3.0mV/V	Compensated Temperature	-10 ~ + 40 °C
Linearity Error	0.01%F.S	Operating Temperature	30 ~ + 70 °C
Minimum Number of Steps	-	Excitation, Recommended Voltage	10 VDC
Total Error	±0.05 %FS		
Output Signal (FS)	1.2 ± 0.2mV/V		
Zero Balance	± 1 %FS		
Input Resistance	370 Ω ± 20 Ω / 720 Ω ± 20 Ω		
Output Resistance	352 Ω ± 3 Ω / 702 ± 5 Ω
